Japan Activities for the week!

I have suggested some activities below which are suitable for a Year 5/6 class but can also be done by younger children with some help.

Choose the activities you would most like to do and present them creatively! You can present your work however you like, for example, in the form of artwork, a scrapbook, a PowerPoint.

Our weekly focus for this week is Festivals.

Please see the next slide for the activities.

Suggested afternoon activities for the week:

- Research different Japanese festivals! Find out where they happen and why.
- Find a festival which interests you (some are listed below) and study the history of it. Is there a traditional story behind the celebration? Is it similar to any festivals we have in the UK?
- Consider the religions of Japan. What are the main religions? Do they celebrate the same things that we do?
- Lots of festivals have traditional songs. Can you find any and have a listen? Do you enjoy them? How is the music made? Does it sound like music we have at our festivals in the UK? Why/why not?
- You could look up some of the foods associated with the festivals and try to recreate them.

L.O: To write a letter in reply from Zach.

Write a letter to Willie as Zach. Think carefully about the way he speaks in the book and about his character.

What kinds of things would he want Willie to know? What kinds of questions would he want to ask?

Zach does not know about Willie's mother and the way she treats him so how would he react to the fact that Willie has been allowed to go home for a bit (would he be jealous)?
