

# Acorns Nursery Autumn 2

Welcome to Acorn Newsletter!  
Our School Theme is Impact

We will be looking at the impact of the changing seasons on our environment and in our lives.

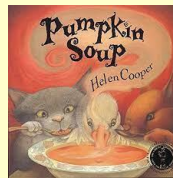

## Maths

We will be learning to count objects, recognise numbers and use natural resources to make number games and pictures.

## Literacy

We will be reading a focus book each week, linked with our theme and phonics.

## Phonics

We sing the alphabet every day at the start of our phonic focus sessions.

This term we are looking the letter sounds s, a, t, p, l, n and will be finding objects and words that start with each sound.

## Expressive Arts and Design

This term we will be using lots of natural resources to create some amazing artwork.

Don't forget to join in with our Mundford Junction on Tuesday 8<sup>th</sup> November at 2pm

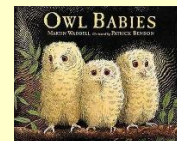

## Autumn Term 1 Impact

What is the impact of ourselves, our families and our friends in our world?

## Understanding the World

As part of our Impact theme we will be learning about ourselves, our families and our environment.

## Physical Development

We have lots of space to run around, explore and play at school. We will be using the trim trail, bikes and trikes and large field to run, jump, climb and zoom around. We will also be exploring dance, yoga and developing our throwing and catching skills with bean bags and balls.

## Personal, Social and Emotional Development

Each term we learn about our feelings during PATHS and PSHE sessions. We play turn taking games and talk about our different feelings and how to show our feelings in the right way to others.

Look out for our amazing acorn awards that are sent home every day

## Communication and Language

Our day always begins with a reminder of how to be a good listener and why it is important to listen to someone when they speak. We work on turn taking when talking and sharing our ideas, and showing others we are listening by looking at them when they are speaking.
